Who – or ‘what’ – are we rescuing?

The obvious answer is Bull Terriers in need of a home, but for those of us involved in the Rescue “What” are we rescuing is unfortunately becoming more of an issue. Read our blog post here: <https://www.texasbullterrier.org/post/who-or-what-are-we-rescuing>

HELP DESPERATELY NEEDED! CAN YOU FOSTER?

Without dog-savvy, reliable foster homes, we cannot rescue Bull Terriers! **We have dogs waiting to come to rescue and no place to put them.**

All fostering requires is a safe, quiet space to put a crate and lots of TLC – we can provide the rest!

QUINN | ADULT

Quinn is a 3 year old female who came to us from a local shelter. She is enjoying foster time with another female Bull Terrier and will be starting heartworm treatment shortly. She is ready to move into new home now!

Quinn is very easy going, loves to snooze, and loves other dogs – but is not too keen on walking in cold! A true Texas dog at heart!

CUPID | ADULT

Cupid is a petite 34lb, 5 year old lady who arrived shortly before Valentine's looking for love! She is a wiggle butt and tested well with dogs at the shelter. She is awaiting heartworm treatment.

TERRY | ADOLESCENT

Terry is a sweet 1 year old who joined rescue recently with a broken hind leg. His leg is doing well, he is heartworm negative, and good with other dogs.

ROCKY | ADULT

Poor Rocky was found stray in the Valley after being attacked by another dog. Despite his hardships, he is dog friendly!

He is spending some time with our trainers while we get to know him.

ZOEY | ADULT

Zoey is having fun in foster care with another female BT! She is unfortunately heartworm positive but has started treatment. Zoey is about 5 years old.

BAMBAM | ADOLESCENT

BamBam is a one year old female who was found roaming the streets by a Good Samaritan. They were unsuccessful in locating an owner. She is very playful with other dogs, good with children and heartworm negative.

BamBam will need a foster spot this week.

BUDDY | ADOLESCENT

This handsome lad was found stray recently. He is about 18 months, walks nicely on lead, is crated trained and good with others.

MONKEY | ADULT

Handsome Monkey is around 3-4 years old and joined rescue recently due to a change in his owner's circumstances. As you can see, Monkey is a bit of a couch potato but he does have his energetic moments too! Monkey likes to run, play fetch and is always ready for a nice snuggle with his humans. No cats or small furries for Monkey.

Monkey is spending some time with our trainers to brush up on his manners!

CARRIE | ADULT

This little 30lb lady was found living at a waste plant during the winter storm. She had a nasty upper respiratory infection and is heartworm positive. She is doing well in foster care and slowly coming out of her shell – very dog friendly, low key and loves to nap in her crate.

OSCAR | ADULT

Wow! What a top-notch report card from Oscar's foster parents:-

Oscar is a sweet boy whose favorite activities are eating, snuggling on the couch, and taking slow-paced walks. He is good with other dogs – he does not even react to the poorly behaved ones! Oscar is OK with small dogs, but he may play too rough for some. Oscar enjoys meeting children during walks through the neighborhood, and we think he would be great with kids because he is very patient and gentle aside from occasionally stepping all over you while attempting to snuggle. Oscar seems most concerned with being with his people so we think he would be happiest in a home where he does not spend a lot of time alone.

Likes: Pumpkin with his kibble, Natural bones, Snacks, Snuggling

Dislikes: Being away from his people, Nothing else (he is such a good boy)!

What has impressed us the most: He walks expertly on leash. He has not destroyed his bed or toys even when left alone. He is a total pro at home nail-trimming. He is friendly and outgoing – he makes himself right at home and does not meet a stranger. He is the easiest, gentlest foster we have ever had!

LOUIE | ADULT

Louie was found stray by a Good Samaritan and owners were never located. He is mild-tempered and gentle, but needs some work on his leash manners!

Louie is estimated at around 5-years-old and is good with children and other dogs.

PADDY | ADOLESCENT

"Top o' the Morning" to Paddy! This young brindle guy is around 10 months old and appears to be in good health – he is heartworm negative. Paddy will need a foster or foster-to-adopt spot after vetting. Please let us know if you would like to open your home to this lucky leprechaun!

Please consider making a donation

...so we can help more dogs like Penny!

If you would like to make a donation to help our Rescue efforts, **we are a 501(c)(3) public charity in the State of Texas** and the full amount of any contributions are deductible for federal income tax purposes. A tax donation receipt will be sent in response to all gifts, as requested.

A donation can be made via the PayPal button on our website – www.texasbullterrier.org – click on the “Rescue” tab.

We typically take in, rehabilitate and re-home over 50 bull terriers every year. Our efforts are conducted entirely by volunteers and we depend on public support in order to continue our day to day operations. **Every penny of donated funds goes towards veterinary needs and daily care of the bullies in our program.** Adoption fees only cover a portion of our expenses. Many of the dogs we take in are malnourished, sick, injured or have been abused, so you can imagine that our expenses are high - but we believe that if an animal has the courage to survive the abuse it has been dealt, it deserves medical treatment and a loving home for its remaining years.

Please consider helping us by visiting our Amazon.Com Wish List and contributing some much-needed items to help our cause – food, bedding, toys, supplements – every little item will help us keep the rescue bullies happy and healthy!
