Who – or ‘what’ – are we rescuing?

The obvious answer is Bull Terriers in need of a home, but for those of us involved in the Rescue “What” are we rescuing is unfortunately becoming more of an issue. Read our blog post here: <https://www.texasbullterrier.org/post/who-or-what-are-we-rescuing>

ZOEY | ADULT

Zoey is about 5 years old, good with other dogs and children, and has successfully completed her heartworm treatment! This sweet girl is ready for her forever home.

DAISY

This is Daisy. Daisy is about 7 years old. Her first owner passed away a few years ago and Daisy was taken in by someone else. Now that elderly owner has dementia and has been admitted to a nursing home. Her health care worker has been feeding Daisy and letting her out to potty on the three days each week that she visits the owner, but nobody in the family is willing to take Daisy and give her a new home.

Daisy has now been signed over to TGCBTR by the family's Power of Attorney and we will do our best to find her a permanent new home where she won't be left alone again.

Folks - please take some time out to make provisions for your pets so they will be safe should you be unable to care for them in the future. Don't just assume your family will take responsibility.

PUMPKIN | YOUNG ADULT

Sweet mama Pumpkin was found stray, clearly having given birth to puppies recently as she is filled with milk. Owners were contacted, but they no longer wanted her.

Pumpkin is heartworm negative, about 2 years old, and doing well in foster care with other bullies. She enjoys snuggling on the couch.

OAKLEY | ADULT

Oakley was surrendered to a shelter after sustaining an eye injury from a ram's horn; he is very lucky that it was not more serious. He is about 4 years old, heartworm negative, good with other dogs and doing great in foster care.

WRANGLER |
ADOLESCENT

Wrangler came to us an emergency medical release from a local shelter after being hit by vehicle. He suffered two broken back legs, which required surgery. He is currently in rehab.

Wrangler is about 18 months old and good with other dogs.

MIA | YOUNG ADULT

2-year-old Mia is heartworm negative & doing well in a foster home with other dogs. This sweet, busy girl loves to play with balls and would enjoy a new home with a canine pal!

SMORE | ADOLESCENT

Smore is a 9 month old who has been through a training program whilst in our care. He is very sociable with others – but no cats or small furries! He is heartworm negative.

BERNIE | ADULT

Bernie is being returned to rescue through no fault of his own. He is about 3 years old, a Velcro dog and overall an easygoing guy. He loves kids and enjoys playing with the other bullie in his foster home.

OLIVER | ADOLESCENT

Oliver is about a year old. He is good with other dogs and in need of a foster spot while he is taking it easy thru heartworm treatment.

GARY

Good boy, Gary! This distinctive lad is a quick study – he caught on fast to ignoring the rude neighbor dogs' barking, he is quiet & keeps his kennel clean, and he's a helpful companion in the garden. He has a gentle mouth taking treats, his leash manners are improving, and so far, he has been respectful of other dogs.

Gary would love a home with a patient family, with no young children, who will give him time to make a connection and earn his trust.

BAMBAM | ADOLESCENT

BamBam is a one year old female who was found roaming the streets by a Good Samaritan. They were unsuccessful in locating an owner. She is very playful with other dogs, good with children and heartworm negative.

BamBam would love a “job”! She is athletic and loves to learn tricks. She’d thrive in a home that’d participate in dog sports with her – barn hunt, nose work, agility.

ROCKY | ADULT

Rocky is an easy-going boy who has been relaxing in foster care during his heartworm treatment. He is non-destructive with his toys, enjoys cuddles & belly rubs, and is a particularly talented Sous Chef!

Please consider making a donation

...so we can help more dogs like Penny!

If you would like to make a donation to help our Rescue efforts, **we are a 501(c)(3) public charity in the State of Texas** and the full amount of any contributions are deductible for federal income tax purposes. A tax donation receipt will be sent in response to all gifts, as requested.

A donation can be made via the PayPal button on our website – www.texasbullterrier.org – click on the “Rescue” tab.

We typically take in, rehabilitate and re-home over 50 bull terriers every year. Our efforts are conducted entirely by volunteers and we depend on public support in order to continue our day to day operations. **Every penny of donated funds goes towards veterinary needs and daily care of the bullies in our program.** Adoption fees only cover a portion of our expenses. Many of the dogs we take in are malnourished, sick, injured or have been abused, so you can imagine that our expenses are high - but we believe that if an animal has the courage to survive the abuse it has been dealt, it deserves medical treatment and a loving home for its remaining years.

Please consider helping us by visiting our Amazon.Com Wish List and contributing some much-needed items to help our cause – food, bedding, toys, supplements – every little item will help us keep the rescue bullies happy and healthy!
